Experience

- **UI Design Intern** at WOLFx Digital **March- July'23**
 - Formed icons, illustrations, and other graphical elements using Adobe Photoshop, Adobe Illustrator and sometimes Figma to enhance the visual appeal and communicate ideas effectively.
 - Designed wireframes and interactive prototypes using Adobe XD and Figma to visualize and communicate design concepts, user flows, and interactions.
- **UI/UX Designer** at Torus Digital **2022 - 2023**
 - Conducted user research to understand the target audience, their preferences, pain points, and expectations which helped in design decisions for the on-boarding screens.
 - Created visually appealing onboarding screens using a combination of graphics, illustrations, and animations in Adobe Illustrator, and Adobe Photoshop to enhance user engagement and comprehension.

Achievements/Awards

- District level participation certificate for Throwball
